1869 is a steampunk mod for Kerbal Space Program.

Still in beta, 1869 contains over 60 parts, all based around a steampunk theme.

Required Plugins:

[Firespitter Plugin](#) - made by Snjo (included)

All rights to the included plugin are held by the original creator, for license information, please refer to the provided link.

---

This mod includes version checking using [MiniAVC](#).

If you opt-in, it will use the internet to check whether there is a new version available.

Data is only read from the internet and no personal information is sent.
